## LODGE EASILY THE WINNER

"Big Four" Republicans Chosen in Massachusetts Primary

MOST OF DELEGATES GO UNPLEDGED

The "Regular" Democratic Candidates Were Also Elected

Boston, April 28.—The "regular" slates of Republican and Democratic candidates for delegates-at-large to the national conventions were elected by substantial majorities in yesterday's presidential preference primary, according to the complete vote to-day.

Senator Henry Cabot Lodge led the Republican "big four," who headed the ballot as a group. He was followed in the order named by Speaker Frederick H. Gillett of the national House of Representatives, former Senator W. Murray Crane and Edward A. Thurston, former chairman of the Republican state committee.

The Democratic "regulars" were elected by majorities of three and four to one over former Congressman Joseph F. O'Neill, who made his campaign on an anti-prohibition issue. Those elected are Senator David L. Walsh, Richard H. Long, twice Democratic nominee for governor; Dist. Atty. Joseph C. Pelletier and Daniel F. Doherty.

Of the 35 Republican delegates, including those at large, 29 are unpledged, but several of these had announced their intention to vote for Maj. Gen. Leonard Wood. Two are pledged to Wood and four were described on the ballot as favorable to him. The entire Democratic delegation is unpledged.

The complete vote for candidates for delegates-at-large was: Republican—Lodge, 75,428; Gillett, 62,254; Crane, 60,927; Thurston, 48,947; Frothingham, 32,863; Fuller, 30,439; Lawson, 18,321; McCall, 31,493; Wood, 12,592.

Democratic—Walsh, 22,291; Long, 18,329; Pelletier, 19,723; Doherty, 18,129; O'Connell, 6,114.

The "big four" Republican candidates carried 24 of the 38 cities. In the other 14 Lodge had the highest vote except in North Adams, where Crane headed the ticket with Lodge second. Of the individual candidates, Senator Lodge led the ticket in all but five cities. Crane led in North Adams and Pittsfield, his home county. Speaker Gillett led in his home city of Springfield and the nearby cities of Northampton and Chicopee.

Former Gov. Samuel W. McCall, who declared himself in favor of the nomination of Herbert Hoover, made his best showing in Revere, where he finished third. In many suburban cities he finished fifth, only a few votes behind fourth place. Congressman Alvan T. Fuller, who publicly pledged himself to vote for Wood, finished among the first four in eight cities. He made his best showing in the ninth congressional district, which he represents.

The two delegates pledged to Wood were elected in the sixth district, the home of Congressman Larkin, manager of the Wood campaign in this state. The low-Wood delegate in the district had a lead of 1,161 over the higher unpledged candidate. In Bourne, the little Cape Cod town where Gen. Wood has a legal residence, Lodge polled the largest Republican vote, with Frothingham, who was favorable to Wood, second; Crane, third, and Fuller, fourth.

No other Republican aspirants for the presidential nomination made a campaign in Massachusetts. During the campaign Senator Hiram Johnson's headquarters repudiated endorsements of certain candidates by Johnson local organizations.

The Democratic contests for district delegates were largely factional. Michael O'Leary, chairman of the Democratic state committee, was defeated in the eighth district, running a poor third in a field of five. In the first district, Dist. Atty. Joseph B. Ely, who sought to overturn the "regular" Democratic slate, ran fourth in a field of seven.

An exceptionally light vote was cast throughout the state. Senator Lodge, leading the Republicans, polled 75,428 votes, against 317,774 votes for Gov. Coolidge at the last gubernatorial contest. Senator Walsh, who headed the Democrats yesterday, received 22,291 votes against 192,673 Democratic votes in the race for governor.

### HANCOCK

Friends Assisted in Observing Anniversary of Mr. and Mrs. Dana Marsh.

Neighbors and friends, numbering about 60, gathered at the home of Mr. and Mrs. Dana Marsh Saturday evening to remind them that their married life was 25 years old. Mr. and Mrs. Marsh were taken wholly by surprise, but soon made the visitors welcome. The time was passed pleasantly in playing cards, flitch and music by the victrola. Refreshments of sandwiches, cake and coffee were served. There was a lovely wedding cake, consisting of two rounds, with heavy white frosting, decorated with raised leaves and red roses, with 1920 on one round and 1895 on the other. The cake was made by Mrs. Harold Spencer and given to Mr. and Mrs. Marsh by their daughter, Mrs. Percival Cook. A sum of money was also presented to them and the company departed leaving their best wishes for many happy returns of the day.

Mrs. Van L. Day and daughter and Miss Blanche Andrews returned Saturday to their home in Newport.

Mr. and Mrs. Clyde Campbell of Granville had been recent guests at Henry Manning's.

Ben Osha of Brainin has been a visitor at Walter Scott's for a few days.

Mrs. Arthur LeBar was in "Bingo" a few days recently.

Miss Phyllis Farr was in Randolph last week, a guest of Miss Edna Moore.

Mrs. Emory Fitz of Rochester has been a recent visitor at Carl Eaton's and Mrs. Caroline Marshall's.

Mrs. Walter Scott, who had a shock several weeks ago, is now very comfortable.

## POLES INVADE THE UKRAINE

Made a General Advance Along Front of 180 Miles

INTENDED TO EXPEL "FOREIGN INVADERS"

The Poles Covered About 50 Miles on First Day of Drive

Warsaw, April 27 (By the Associated Press).—A general advance by Polish forces along a 180-mile front into the Ukraine was announced in today's communique by the Polish general staff. The movement, it is set forth, is for the expulsion of the "foreign invaders" (Russian bolsheviks).

The Poles covered about 50 miles on the first day of their forward movement, their advance line taking them within 60 miles of Kiev. The advance was explained in a proclamation issued in the name of General Pilsudski, the head of the Polish state, and posted in the cities and villages through which the Polish forces marched. The document announced that after the expulsion of the foreign elements the Poles would remain in the Ukraine only until an authorized Ukrainian government should take control.

The proclamation, dated April 26, was printed in Warsaw and then rushed to the front. Thousands of copies were taken by the Poles for distribution within the newly occupied territory. One section of the proclamation reads:

"Together with the Poles there are returning to the Ukraine its heroic sons under Simon Petlura, who have found refuge within Poland and help in the darkest days of the Ukrainians."

The document expresses the hope that the Ukrainians will concentrate their forces to aid in attaining their freedom, which also will be of aid to Poland. Protection is guaranteed to all the inhabitants, who are asked to bear patiently the burdens of the war.

### SUFFERING OF YOUNG WOMEN

This Letter Tells How it May be Overcome—all Mothers Interested.

Fort Dodge, Ia.—"From the time my daughter was 13 years old until she was 18 she suffered so badly each month that sometimes I had to call in the doctor. She had headaches, back-ache and such pains and cramps that she would have to stay in bed two or three days. She became terribly run-

down in health and at last a friend who had used Lydia E. Pinkham's Vegetable Compound told her about it and she has used 16 bottles, and we all have it in the house. She feels fine now and has no trouble at all each month. We always praise it and advise any friends who need it to use your wonderful medicine."—Mrs. MINNIE MANDELKO, 1005 S. 18th St., 10th Ave., Fort Dodge, Iowa.

Girls who are troubled as Miss Mandelko was, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. These letters will be opened, read and answered by a woman and held in strictest confidence.

Some of our farmers have finished sugaring while others are still busy and getting a good run of sap, and it turns out that in sugar orchards where the pipe system is being used the trees, which are connected up with the pipe system, are still running well, where those which are provided with the ordinary spile have dried up or nearly so, which condition is no doubt due to the fact that the action of the sap through the spile on the inside surface of the tap hole has the effect of healing the scar and thus checking the flow of sap, which is a great argument for the pipe system, wherever it can be utilized.

Edward B. Hatch has been working during the past two weeks for Russell R. Corwin, assisting in sugaring.

## Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long.

bringing the medication to bear directly upon the inflamed areas. Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.
